# Rapid Insight Generation for a Competitive Edge

Transform insight generation using a single, collaborative platform that empowers both business and technical users to generate and act on healthcare insights with unprecedented speed and efficiency.

In today's fast-paced business environment, waiting months to glean insights is not an option. Komodo's MapLab® Enterprise solution revolutionizes the way organizations handle data, eliminating the delays and disconnections that slow down analyses and decision-making. MapLab Enterprise's integrated approach to accelerating consistent insights with rigorous governance drives operational efficiencies for both data scientists and business users. Gain speed to insights through automation, repeatability, traceability, and democratized access across your organization. Empower your teams with our intuitive platform that effortlessly unifies data and overcomes fragmentation to deliver cohesive insights to everyone in the organization, no matter their level of technical expertise.

MapLab Enterprise doesn't replace your team's expertise — it amplifies it by:

- **Automating** the tedious work so your team can focus on analyses
- **Providing** a single source of truth with automated refreshes
- **Creating** reusable documented processes that preserve institutional knowledge
- **Eliminating** the need to rebuild analyses from scratch every time

Komodo's MapLab Enterprise solution can help shift the balance from maintaining systems and tools to driving insights.

SUPERCHARGE YOUR ANALYTICS WORKFLOW

MapLab Enterprise bridges the gap between data scientists and functional teams to enable seamless collaboration. With Enterprise, you can harness Komodo's full-stack offering, powered by the Healthcare Map®, which provides the most comprehensive view of the U.S. healthcare system on the market. Data scientists can create custom analyses in MapLab that can then be fed into MapView® dashboard templates or custom dashboards for cross-functional teams to analyze and use.

Experience the power of cohesive data integration in one integrated solution to accelerate your path to strategic insights.

With MapLab, you can have it all: better insights across the enterprise, with:

Scalable repeatability
Create custom, complex analytics that can easily be replicated across projects with automated, repeatable workflows

Speed to insights
Generate and visualize insights in real time with dashboard templates or custom dashboards via our fit-for-purpose data and ready-to-analyze data foundation

End-to-end data management
Bridge the gap between data scientists and functional teams using a single source of truth that can easily reproduce insights and analytics for traceability and data governance

Flexibility across teams
Everyone in your enterprise can experience an integrated no-code and high-code environment that democratizes insights across the organization to allow effortless collaboration in a shared environment

ABOUT KOMODO HEALTH

Komodo Health is a technology platform company creating the new standard for real-world data and analytics. We pair the industry's most complete view of patient encounters with enterprise software and machine learning to connect the dots between individual patient journeys and large-scale health outcomes. Across Life Sciences, payers, providers, and developers, we help our customers unearth patient-centric insights at scale — marrying clinical data with advanced algorithms and AI-powered software solutions to inform decision-making, close gaps in care, address disease burden, and help enterprises create a more cost-effective, value-driven healthcare system.
